Mission Statement

Our mission at The Learning Curve Child Development Center is to provide high quality child care, incorporating the best research and knowledge of child development and health. Also, to support parents by providing their children with a loving, nurturing environment; by being accessible to discuss their children's needs; and by offering these services at reasonable prices. The center's goals are for the children served by the center to develop to their full potential, to exhibit healthy social, emotional, and physical growth; for the parents to feel confident that their children are being cared for in the best possible manner, to promote the natural bonding and friendship among young siblings, to prepare children emotionally, socially, and scholastically for life, to find the center personnel open and easy to communicate with, and to be satisfied with the cost and quality of care their children receive.

The Center's objectives are as follows:

- To carefully screen potential employees and to train employees thoroughly in good child development and health and safety practices.
- To staff the center so that each child's individual needs will be met.
- To develop a policy of frequent parent conferences, newsletters, and other means of communication.
- To instruct teachers to always welcome parent questions and comments cheerfully - to give serious attention to each comment, and to try to address each comment promptly.
- To develop a budget that reflects prudent expenditures and accurate forecasts of income and to place a priority on careful financial management.
- Ensure that services and supports are provided by the people who reflect the diversity of the community, are well educated, and are well compensated.
- Establish an integrated, multidisciplinary system of the professional development, training, and technical assistance that supports the design, implementation, and evaluation of practices that are respectful of and responsive to each child and family.

The Center's goals are:

- To see that every child is fed a well balanced diet - and then some. They will be fed when they are hungry. We will never force a child to eat when they say they are not hungry as this can develop into life long bad eating habits.
- Children must feel unique and be allowed to express their feelings openly; whether it be anger, sadness, joy, or any other emotions.
- When they are hurt, they will receive hugs and sympathy and we will never tell them they aren't hurt.
- Each child is a very special human being. A *miracle*. The most important child in the world to their parents and family, and they will be treated as such here.

Our Motto: "Your child's future starts here!"

We are growing with your children from a new center to their home away from home. They are teaching us new things every day! Thank you!

Philosophy Statement

We believe that every child can accomplish anything that any other human has ever accomplished. Every child is a blank slate, and we aspire to fill that slate with the knowledge and social skills that will help them to achieve their goals in life. Our children will learn social, emotional, and cognitive skills through play and group activities. They will have many choices during the day to do activities that best fit their needs and interests on an individual basis. Our care givers use the shadowing approach to guidance by trying to guide the child's choices rather than force choices upon the child. Our preschool rooms are divided into centers such as library, home living, art center, block center, and circle time. We have an area for dramatic play and a science area. The different areas within the classrooms promote a variety of interests for children to choose from throughout the day. The centers promote social and emotional development, cognitive learning skills, and gross and fine motor skills development.

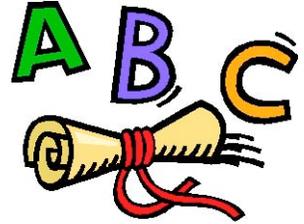

At TLCDC we educate the whole child. That means that we will consider every child a unique individual; socially, emotionally, culturally, physically, and intellectually. Each teacher is responsible for individualizing their planning in order to promote the unique growth of each child.

Employee Discipline Policy

TLC Development Centers expects all employees to be aware of and to follow workplace policies and rules for the well-being of our students, employees and business operations. There are many policies and rules at TLC Development Centers. Employees are expected to comply with these internal requirements as well as requirements from federal, state, and local laws, and accreditation agencies. Additionally, many areas have guiding principles, such as our Mission Statement, and adherence to these principles is also expected.

This policy defines the process for correcting single and repeat episodes of employee failure to comply with rules and/or to meet specific workplace expectations for conduct. Corrections to unacceptable behavior may be addressed under this policy.

Our Employee Discipline Policy is a step-by-step process designed to modify unacceptable employee behaviors, which also allows for discipline to start at a higher step based on the severity and circumstances of the situation. For example, one incident of profanity overheard by others is different from profanity in anger directed at others; poor judgment in wearing inappropriate clothing in the workplace is different from overlooking key safety protocol that ensures the safety and well-being of the children in our care. The supervisor should assess the employee's understanding of the rules and expectations, their willingness to follow them, any systems failures and workplace obstacles interfering with compliance, such as equipment malfunctions, and whether the action was the result of an excusable mistake, an inexcusable error or deliberate action.

Examples of performance and conduct covered by this policy

- Violations of protocols, regulations and procedures governing safety or compliance for students or employees
- Misuse of fiscal or electronic resources or center facilities
- Inappropriate and unprofessional behavior, such as profanity, insults or solicitation
- Attendance and absenteeism

An employee is expected to have sustained improvement while on progressive discipline. Should an employee be away from work for an extended and continuous period of time for any reason, the disciplinary action step may be extended by the time the employee was away from work and the employee would be given the opportunity to demonstrate improved behavior once the employee returns to work.

Discipline Steps

The purpose of progressive discipline is to assist employees by being clear and precise about problems and the consequences if the same or other mistakes or misconduct reoccur. It is important that discipline is applied in a fair and consistent manner. The supervisor has a critical role in conducting a fair and objective investigation of a situation. An investigation may be as simple as confirming a late arrival through a time clock or more complex with interviewing many employees and reviewing documents. More complex investigations should be conducted in coordination with the Chief Operating Officer, Chief Financial Officer or other appointed upper management officer. The supervisor should review all relevant documents, review how the employee was notified of the expectation that has been violated, speak with any witnesses (and obtain written statements, if appropriate) and ask the employee about the situation. The conversation with the employee should include asking if any extenuating or mitigating circumstances exist.

The supervisor must have an understanding of the facts and circumstances before assessing appropriate discipline. The supervisor should discuss the situation with upper management to determine the appropriate level of disciplinary action. Many situations should be able to be resolved through verbal counseling or discussion with the employee; however, some one-time incidents may be severe enough to merit a formal written warning, suspension (without pay), final warning or termination. The seriousness of the offense and the employee's disciplinary and performance history will be considered when determining the level of discipline to be applied. All decisions to escalate disciplinary action to a higher level of discipline should be made in consultation with upper management.

Step 1 - Verbal Warning:

In many situations a verbal warning/counseling is sufficient. The purpose of a verbal warning is to clarify policies and expectations. The impact of the incident or violation should also be taken into consideration. The supervisor should document for his or her records that the conversation occurred, keeping in mind the significance of the impact of the act or omission.

Step 2 - Written Warning:

If the conduct addressed by a verbal warning is repeated or additional problems occur within 12 months of a verbal warning, the supervisor should follow up with a written warning in the form of an Administrative Action Form. On the other hand, if a single incident is more serious than is appropriate for a verbal warning, the supervisor should issue a written warning in the form of an Administrative Action Form. This should describe the unacceptable conduct, outline expectations, and state that further disciplinary action will occur if the behavior is repeated within 12 months.

Step 3 - Final Written Warning (which may include a suspension without pay):

If the conduct addressed by the written warning is repeated or additional problems occur within a 12-month period, discipline may progress to a final written warning, which may include an unpaid suspension. However, a single incident may be so severe as to merit an immediate final warning and suspension without pay. As noted above, the supervisor should work in consultation with upper management prior to taking disciplinary actions at higher levels, such as written warnings, final written warnings (with or without unpaid suspension) and termination.

Step 4 - Termination of Employment:

Employment may be terminated based on progressive discipline within a 12-month period or based on the severity of a single incident. Misconduct that involves dishonesty, violation of the law, or significant risks to center operations or to the safety or well-being of oneself or others is grounds for immediate termination of employment. However, the facts and circumstances of each case will determine what action, up to and including discharge from employment, is appropriate. Decisions to terminate employment should be made in consultation with upper management.

The following are examples of conduct that is not permitted and can subject employees to immediate dismissal upon completion of an investigation that confirms the employee engaged in the conduct. Engaging in any of the following types of conduct is considered such a serious breach of responsibility to TLC Development Centers that no prior warning is required for involuntary separation:

- 1 Leaving a child unattended
- 2 Negligence or carelessness in caring for children.
- 3 Inappropriate discipline of a child; including isolation, verbal abuse, spanking, pulling hair, or any other rough or inappropriate handling or inappropriate use of restraints.
- 4 Possession, sale, or use of alcohol or illegal drugs while on TLC Development Centers property or reporting to work while under the influence of intoxicating beverages or illegal drugs.
- 5 Theft, attempted theft, or removal from the premises without proper authorization of TLC Development Centers property, or property of a customer or another employee.
- 6 Acting dishonestly or unfairly by violating policies and procedures or compromising yourself or TLC

- Development Centers by making decisions that will cause others to question your honesty or integrity.
- 7 Fighting with or attempting to fight with or to cause bodily harm to another employee or customer.
 - 8 Harassing, name calling, gossiping, or generally creating an unpleasant environment for other employees.
 - 9 Possession of a weapon on TLC Development Centers property.
 - 10 Any act that endangers children
 - 11 Allowing personal visitors in the vicinity of the children entrusted to your care.

Impact of Written or Final Progressive Discipline Warning

- Annual Increase - Employees on a **Final** Written (Step 3) Warning are not eligible for an annual increase.
- Holiday Pay - Employees who have received 2 or more written (Step 2) warnings during any 12 month period are not eligible to receive paid holidays for 12 months following the most recent written warning.
- Vacation Pay - Employees who have received a written warning shall forfeit 4 hours of earned vacation time for each written (step 2) warning.

Smoking:

Smoking is not permitted under any circumstances in the building or on any playground area, or on company property. This includes the parking lot. Smoking is also NEVER permitted in the daycare vehicles.

Telephone Calls:

Telephones are a vital part of our company since our parents must always be able to reach us. As a The Learning Curve Child Development Center employee, it is important that you always use care and courtesy in handling phone calls. Your personal telephone calls, with the exception of emergency telephone calls, should be limited to your breaks and meal periods. We reserve the right to verify emergency phone calls. Friends and relatives should be asked NOT to call you during working hours. You may NOT make personal long distance phone calls. In addition, personal cell phones are to be turned in to the office upon arrival at work. **Cell phones are not allowed in the classrooms at any time.** You are here to interact with children, not to check Facebook or text with friends. If you are found on your phone during working hours, you will be subject to disciplinary action. First offense is a written warning, second offense is termination.

Meal times:

Tables are to be sanitized before and after each meal service. To promote family style dining, it is important that you sit at the table with the children and join them in their meal time. If you prefer to eat any food other than what the children are eating, then you must clock out, and do so in the break room. You are **never** to have non CACFP accredited foods in your classroom, unless it is for a special occasion such as a child's birthday party, in which all children partaking have parental permission.

Dress Code

What we wear to work is a reflection of the pride we have in ourselves and in the Center. It is important for all employees to present a professional appearance. In order to provide uniformity, as well as individuality, Building Blocks LC requires all employees to wear "scrubs" of any style. Scrub tops and pants are available at a variety of retail locations, and in a variety of styles. We encourage you to have fun with your uniform and take advantage of the many prints available that the children would like. When reporting for work, you are required to be dressed in appropriate attire in good repair.

Staff instructions for our Disaster Plan - Revised 11/5/2018

Children with special needs or chronic illness will be assigned a specific staff member. Staff instructions are to take child by the hand and guide them to our safe area. They are to keep the child calm and reassured until it is safe to return to the classroom, or their parent arrives for them. Parents will be called if children are waiting at our evacuation location.

In the event of a natural disaster, the following steps should be taken:

First and foremost, discuss with your family where to go and what to do to keep them safe so that you will have peace of mind while you are tending to the children that are in your care at the center. Do this BEFORE disaster strikes. Stay calm. Turn on the NOAA radio that is in the office for updates on the situation. The radio can be charged with the hand crank if the batteries are dead. In the event that we are instructed to evacuate the building, take the emergency contact list, the emergency pack for infants and toddlers that includes formula,

diapers and wipes, and load the children calmly into the vans and staff cars. Then proceed to the evacuation site. Depending on the severity of the situation, one staff should go through the building and lock the doors and turn off lights. Do not leave the premises unless all staff and children are accounted for. If we are instructed to remain on site (lockdown), keep all children in the infant and school age rooms away from doors and windows until help arrives. If the situation could affect the water supply, IMMEDIATELY drain the hot water heater into containers.

In the event of a terrorist attack, there is a panic button on the alarm panel. If you cannot get to that button, dial 911. If the person is in the room, dial 911 and leave the connection open. Try to make conversation that will help the 911 dispatcher know our location. Teach your children to sit on the floor with their knees up and hands over their heads. They need to make as small a target as possible. Our code word is Christmas. If anyone says that word to you - even in a whisper - take your children to the nearest exit and leave the building. If you can, alert the other classes. Take the children to the designated safe zone. Always take your emergency contact list with you if possible. Call 911 when you get to a safe location.

Shelter in place / Lockdown instructions: First, lock your classroom doors to keep intruders out. Close curtains or blinds and turn off the lights. Keep the children in the area that is least visible to anyone trying to look in windows and away from exterior walls. Use your walkie talkie or phone to communicate with other staff members to alert them of the intruder or receive updated on the situation. Keep the children calm and engaged until help arrives or you are informed that it is safe to resume normal activities.

A full emergency contact list should be available in every center vehicle at all times. This list is to be updated monthly. Parents should be notified (as soon as it is safe to do so) in the event of any disaster procedure. Teachers will remain with their assigned students until parents arrive for them at the designated location.

In the event of extended facility closure, TLC Development Centers will collaborate with other local providers to ensure continuity of care for each of our children. Parents will of course have the final decision as to where their child re-locates to until our facility is able to re-open.

Training Requirements

Within 30 days of your hire date, employees must complete the following: New Hire Orientation, Early Learning New Mexico Health and Safety Orientation <https://www.nmels.org/ets/welcome.aspx>, and first aid/CPR. All employees must complete one three credit course in child development (ECME 1104 at CNM) OR a college credit bearing 45 hour early childhood education class within six months of employment. This requirement is to be at the expense of the employee. All employees must complete 24 hours of continuing education each year. It is YOUR responsibility to keep your training logs updated and your certificates in your file. Your files will be reviewed semi-annually, and any employee not meeting their training requirements may be terminated.

Professional Development

It is the intention of The Learning Curve Child Development Center to have a well trained, responsible, caring staff. Therefore, we have developed the following classification levels to guide your professional development:

Level 1: At level 1, you as an employee will receive \$7.50 per hour. A level 1 employee has not yet completed their requirements for working in a State Licensed Center. These include, but are not limited to: CPR & First Aid certification, 45 hour entry level class for Child Care Providers, and Early Learning New Mexico Health and Safety Orientation. A level 1 employee is learning the policies and procedures of the center, and to meet the needs of children. A level 1 employee still needs hours of training, orientation, and guidance to fulfill their role as an assistant teacher or care giver. They need constant supervision.

Level 2: At level 2, employees receive \$7.50 per hour. A level 2 employee has all required training and certificates. **All employees must be at level 2 within 6 months of their hire date.** A level 2 employee, although still learning, takes initiative to do things on their own and can be trusted to take care of situations without being told what to do or how to do it. A level 2 employee requires little supervision and instruction from a senior staff member, meets the needs of children, maintains a clean and safe environment, and demonstrates positive child interactions consistently.

Level 3: At level 3, employees receive \$8.00 per hour. A level 3 employee is self-motivated, requires very little or no supervision, and asks for help or advice when needed. They perform all assigned job duties without being constantly told, and offer suggestions on improving our center. They meet the need of the children while maintaining a CLEAN environment free from debris and hazards. A level 3 employee knows their children well and meets their emotional needs. They take care of the equipment and supplies, know what is needed and when, and also makes sure this is communicated to management. A level 3 employee attends all trainings and keeps their training log up to date. He/she is familiar with ALL state licensing regulations and abides by them strictly. He/she keeps their classroom orderly, the areas defined, and has a professional demeanor and attire.

Level 4: At level 4, employees receive \$8.25 per hour. A level 4 employee is everything that a level 3 is, and then some! They are committed to continuing their professional development, and implement their knowledge. They have 2 years of Early Childhood experience, and have earned an Associate's Degree from an accredited college or university. In addition, they assist in the training of other employees, encouraging them to reach level 4 status. A level 4 employee is a valuable asset to our team, and will receive annual wage increases as long as level 4 is maintained. All employees should strive for this level 😊.

A list of all classes offered by CNM, and workshops offered by Carino will be posted in the employee lounge as they become available.

You will be required to complete a "Professional Development Plan"* each year.

Procedure for Performance Evaluation

Once hired, employees will be evaluated after 30 days, 90 days, 6 months, and then annually. Our procedure for employee evaluations is to follow the evaluation form* in your handbook with no prejudice or favoritism. Employees will be evaluated by a supervisor, a randomly chosen co-worker, and a randomly chosen parent. The three will be compared by the Director and a summary will become part of your permanent file.

Working Hours

Although every effort will be made to establish a regular working schedule for you, daily hours may vary according to department needs. Starting and ending times can only be modified by management and can only be modified with management's approval. Schedule requests must be in by Wednesday at 5:00 pm for the following week if you have special requests.

Parent Involvement

Children are happy to have the experience of the special people in their lives working together and getting along with each other. This allows children to develop a sense of security and will allow us to develop closer relationships with the children. Parent - Teacher conferences are one tool we will use to bridge this bond quicker and more efficiently. Teachers are also required to maintain a 'What I did Today' message center in their classrooms. Any specific issues involving parents should be brought to the attention of the director. Employees should never be confrontational, or rude to parents.

Harassment

You have the right to work in an environment free of discrimination, which includes freedom from harassment - whether that harassment is based on sex, age, race, color, religion, national origin, physical or mental disability, marital status, or veteran status. The Learning Curve Child Development Center prohibits and condemns employee harassment in any form - by managers, co-workers, visitors, or other business contacts.

Harassment can occur in many situations, but it is often viewed as a situation in which an individual in a position to control, influence, or affect your employment, compensation, promotion, or job assignment uses that power to coerce or punish you. Harassing conduct includes, but is not limited to, slurs, jokes, or degrading comments concerning sex, age, race, religion, national origin, physical or mental disability, marital status, or veteran status; repeated offensive sexual flirtation, advances, or propositions; any uninvited physical contact or touching such as patting, pinching, or constant brushing up against your body; continual or repeated abuse of a sexual nature; graphic verbal comments about your body; and the workplace display of discriminatory or sexually suggestive objects or pictures. Such conduct will result in disciplinary action up to and including dismissal of the employee who harasses. With respect to non-employees, offending visitors, customers, or other business contacts will be dealt with

appropriately by management. Please report all such conduct to management. Do not attempt to handle the situation yourself.

Sexual harassment does not refer to occasional compliments of a socially acceptable nature or welcomed social relationships. Sexual harassment is outlined in the EEOC Sexual Discrimination Guidelines and is defined as:

"Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when; (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, (2) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or (3) such conduct that has the purpose or effect of substantially interfering with an individual's work performance or creating intimidating, hostile, or offensive work environment."

If you make a harassment claim, the Company will conduct a thorough investigation of your complaint. The aim of the investigation will be to gather as many facts and to obtain as much detail as possible about the complaint. You will be interviewed and asked to provide details about the incident(s). You will also be asked to provide a written statement about your complaint. We will also interview witnesses to the incident(s), and we will obtain written statements from them. The alleged harasser will also be interviewed, and he/she will be asked to provide a written statement about his/her opinion of the complaint.

Confidentiality

It is our policy not to discuss parents, children or family situations in the presence of children or other parents. If you need to discuss issues with a parent, please bring the parent into the office or break room for a private conversation.

Guidance & Discipline

The program's goals are to promote independence, autonomy, self-esteem, and caring toward others and the physical environment.

We prefer to use the 'time-in' approach to discipline. This is re-directing the child's inappropriate behavior toward an acceptable form. For example, if the child is throwing blocks, we would show them a ball, and an appropriate manner and place for throwing it.

When 'time-in' is ineffective, we use 'time-out' - a quiet, relaxed, neutral break; a cooling off period for the child to regain self-control. Time-out is only used when a child is losing control and refuses redirection. For example: acting aggressively, throwing a tantrum, complete defiance.

No one is allowed to spank, hit, bite, shake, yell at, grab, threaten, ridicule, lift or pull by arms/legs or cause any physical or emotional harm to any child while on the Center property. This includes staff, other children, and parents. Children cannot be deprived of any service- transportation, field trips, food, etc.

The following methods should be used on a daily basis:

For Infants and Toddlers:

1. Meet babies' needs for love and care and build a trusting relationship.
2. Prepare the play space thoughtfully and make child proof.
3. Accept children's feelings, and provide outlets for them. Example: talking about their feelings, using the quiet space for them to relax and breathe - then rejoin the group when ready.
4. Refocus toddlers' attention before inappropriate behavior occurs.
5. State directions clearly and simply.

6. Be calm and consistent.
7. Allow children time to adjust to transitions.

For preschool children:

All of the above PLUS:

1. Arrange classrooms that are comfortable, interesting and encourage children's self-direction.
2. Help children to express their emotions verbally, and through the art of play.
3. Allow children to resolve their own conflicts when possible.
4. Model and teach children strategies for solving interpersonal conflicts - such as negotiation, compromise, empathy.
5. Help children learn to anticipate logical consequences of their behaviors.
6. Involve children in cooperative projects.
7. Assist children in setting clear, consistent, fair limits for behavior in the classroom.

For School age children:

All of the above PLUS:

1. Involve school age children in planning activities.
2. Involve school age children in setting their own guidelines.
3. Allow school age children to suggest consequences when rules are 'broken'.

It is not acceptable for adults to administer negative discipline:

1. Inflicting physical pain - suspected child abuse will be reported to the child protection agency;
2. Name-calling, shouting, threatening, ridiculing, etc;
3. Depriving a child of any service - field trips, food, daily attendance;
4. Isolation;
5. Sending a child to the office;
6. Imposing cumulative or delayed consequences.

Child Abuse / Neglect

We are required by law to report any and all signs of suspected child abuse or neglect to child protective services. We will not hesitate to do so.
